### **ABOUT THE AUSTIN DERBY BRATS PROGRAM**

The primary focus of the Austin Derby Brats program is to develop character, confidence, leadership and social interaction in girls through sports. We believe that performance is secondary to these ideals. The Austin Derby Brats intends to nurture and develop both skilled athletes and those who have not yet realized the champion inside of them.

Skilled athletes will gain the opportunity to develop leadership, sportsmanship and teamwork skills, while the developing individual will gain these in addition to confidence, ability and a new found sense of accomplishment that can carry over into other daily pursuits.

We actively encourage girls of all levels of ability to work with us and play with us. Each participant is recognized as an individual and we actively seek to bring out the best in each one.

Roller Derby is one of today's fastest growing sports. It offers women a chance to participate in a fast, highly competitive, full contact sport that also allows them a high degree of self expression during competition. Roller Derby shares a unique sisterhood with participants coming from very diverse backgrounds.

The Austin Derby Brats draw from this sisterhood to achieve its goals and prepare girls for adulthood. Through inter and intra-league support and volunteering opportunities, the Austin Derby Brats seek to instill a strong sense of community and participation.
